- (b) No more than two teams from the same Club may compete in any Division.
- (c) Any team, not having played in a league during the preceding season, shall normally be placed in the lowest division of that league.

- (e) An application in writing from a Club to enter a team in a League when that team did not play in that League in the preceding season must be received by the Secretary not later than the 2nd Wednesday of August in any season.

NOTE: The Committee has the power under Rule 11(e) to override the operation of Regulation 2 above if ever it is impracticable to operate as it stands.

3 PLAYERS

- (a) All players in SDBA shall be members of Badminton England and a County Badminton Association by the payment of the prescribed fee to BE and being registered on the BE registration system. The Committee may rule match results invalid in the event of noncompliance.
- (b) All players shall be bona fide Hon. Members, or registered subscription playing members of the Club they represent. In the case of a Club involved in several sports or social activities, the term "bona fide playing members" shall be taken to mean "members actively participating in the badminton section" of the Club.

NOTE: Registered in (a) above means registered members of their Club.

- (c) In any one season, a player may only represent one Club in any one League.

- (d) All players are required to wear clothing appropriate and acceptable to the game of badminton. If a club deems that a player's clothing is inappropriate or offensive the team captain should advise the player(s) concerned and submit a report to the SDBA committee for a decision on the action to be taken. This could be a warning for a 1st offense or deduction of rubbers if persistent offender.
- (e) All players must be registered to play for a team at least 3 days before they are due to play. Registration should be via the S&DBA scorecard website (www.salbc.info/online). Each club can nominate up to 3 club members who will be given access to the website to register players. ANY issues with registering players on the website should be reported to the Registration Secretary, Match Secretary or any other committee member by email or txt as soon as possible. If this communication complies with the relevant Rule & Regulation requirements, it will be sufficient as a temporary registration until the website issues are resolved. All ladies must be listed in order of strength, the strongest being the first listed. If a new lady joins mid-season then the list must be re-submitted with the new order. Where a club has more than 1 ladies team then a lady listed in the top 4 may only play in the first team, no matter when she joins the club.
ONLY MEMBERS REGISTERED SHALL BE ELIGIBLE TO PLAY FOR THEIR CLUB IN DISTRICT LEAGUE COMPETITION.
- (f) With the exception of the Masters League, each Club must nominate, to the Registration Secretary, their 1st team (2nd, if a third team is entered etc.) before their first match and these players will not be allowed to "play down", unless agreed to at the discretion of the General Committee. Second and 3rd team (etc..) players are able to "play up" while they have won less than seven rubbers for the higher team(s). On winning their seventh rubber the player will be committed to the higher team. For the Masters League only, no nomination of players is required. However, once a player has played three times in a higher team, he/she may no longer play in a lower team.
- (g) In the event of a Club being unable to field a full team by reason of illness or similar good cause, the Committee may exercise its discretion to vary Regulation 3(e).

4 TEAMS

Each team in the Open and Mixed Leagues must consist of 3 pairs. Pairs in the open leagues must be level pairs. Teams in the Ladies League will consist of 4 women. Teams in the Masters and Combination Leagues will consist of 2 men and 2 women. Men and women are defined by Badminton World Federation transgender policy.

5 SHUTTLECOCKS

The home Club shall provide feathered shuttlecocks to the reasonable satisfaction of the opposing team, as detailed in the Laws of Badminton.

6 MATCHES

- (a) Match fixtures can be made by clubs as soon as details of the League structure are released by the Management Committee.
- (b) Confirmation of date, venue and starting time for home and away matches shall be sent to the opposing club and to the Match Secretary at least 7 days before those fixtures are scheduled to be played. All confirmations must be sent by the last Saturday in September at the latest. NOTE: Internal club matches are exempt from the 7 day notification period in 6(b).
- (c) The time of play shall be decided by the Match Secretaries of the opposing Clubs but may be amended by the team captains on the date if both Clubs are agreeable to the alteration.
- (c.1) Fixtures should be adhered to, but variations agreed between Club Secretaries are permissible provided the Match Secretary is notified at least 7 days before the date of the original fixture by the team responsible for the change. Should the clubs disagree the Match Secretary must be informed in writing

(or by email) and shall adjudicate on the principle that in general the only acceptable reason for postponing a match is non-availability of a hall.

- (d) Any club who requests postponement of a match for any other reason does so at its own risk, in that should for whatever reason it prove impossible to re-arrange the match, that club will be deemed to default the fixture and receive the appropriate penalty deductions accordingly.

NOTE: If for any reason a match is not played (which includes conceded matches) a full report must be made by both teams to the Match Secretary for report to the Management Committee. The Committee will consider the circumstances and rule, as it deems appropriate. In all cases where a club concedes a match, a reasonable contribution must be paid to the opposition Club to cover out of pocket expenses. In cases of disagreement the Committee will adjudicate.

- (e) Matches shall be played within the County of Essex. Committee approval must be obtained prior to any matches being arranged at venues north of the River Crouch or west of the Lower Dunton Road/ B1007 North Hill (extended south to River Thames).
- (f) Where more than one team from the same Club is competing in the same division, all matches against each other must be completed within the first 5 matches (or half) of their seasons fixtures but in any case, no later than the 31st December of the season.
- (g) All fixtures must be completed on or before 30th April each season unless otherwise agreed by the Management Committee. Other than for exceptional circumstances the Management Committee will only allow a Club a maximum of 1 fixture, per League competed in, to be played in May.
- (h) League matches shall not continue after midnight without the prior consent of both teams. This consent must be given prior to the commencement of any match.

Where there is a disagreement and a match remains incomplete, a report shall be made by both Clubs to the Committee who will adjudicate on the result.

NOTE: The following notes do not form part of the Regulations but are guidelines the Committee will consider when adjudicating and expect team captains to observe;

- (i) Where there is any disagreement as in 6(h) above, a full report will be required from both Clubs.
- (ii) If both team captains are not in agreement to continuing after midnight the Management Committee will adjudicate on un-played rubbers. In any event a rubber commenced must be completed even if it exceeds midnight.
- (iii) In making a decision on un-played rubbers, the Committee would remind team captains that they should ensure the following Regulations have been observed. The Committee will take into account the observance of these Regulations when adjudicating on un-played rubbers.
- (a) Time the match commences and the reason for lateness of starting (Regulation 7(b)).
- (b) Whether a minimum of 5 court hours has been allowed to play the match (The Committee considers 5 hours is the minimum time which should be allowed for a match).
- (c) Whether more than 3 minutes ensued between rubbers, (including knocking-up) 6 minutes for players who have to play consecutive rubbers, and if so why? (Regulation 7(e)).

(d) Whether a pair was not present to play in the sequence detailed in Regulation 7(c) and the reason why the opposing captain did not claim the rubber(s) in question as stated in Regulation 7(d).

(e) Were all the games played in the sequence detailed in Regulation 7(c)?

(f) Any other extenuating circumstances.

NOTE: The home Club will be expected to provide light refreshment for the opposing team.

7 FORM OF MATCHES

(a) In the Open and Mixed Leagues each pair in a team shall play one event (i.e. the best of three games) against each pair in the opposing team, making a total of nine events. In the Ladies League each lady will partner each of the other 3 ladies for one event, giving a total of 6 events. In the Masters and combination Leagues, there will be 1 men's doubles event, 1 ladies doubles event and 4 mixed doubles events, giving a total of 6 events.

(b) A match shall normally start within quarter of an hour of the agreed starting time.

(c) A match in the Open and Mixed Leagues shall normally be played in the following sequence of events (where A, B and C represent the three pairs in the away team and a, b and c the three pairs in the home team).

A plays a
B plays b
C plays c
A plays b
B plays c
C plays a
A plays c
B plays a
C plays b

In the Ladies League (where 1, 2, 3 & 4 represent the four ladies of the home team and 1, 2, 3 & 4 the four ladies of the away team) then the order of play will be:-

1&2 plays 1&2 3&4 plays 3&4
1&4 plays 1&4 2&3 plays 2&3
1&3 plays 1&3 2&4 plays 2&4

In the Masters and combination Leagues a match shall normally be played in the following sequence of events:

Man Y/Man Z	v	Man Y/Man Z
Lady A/Lady B	v	Lady A/Lady B
Man Y/Lady A	v	Man Y/Lady A Man
Z/Lady B	v	Man Z/Lady B Man
Y/Lady B	v	Man Y/Lady B
Man Z/Lady A	v	Man Z/Lady A

NOTE: Where a match is to be played on more than one court, the foregoing sequence may need to be adjusted. Home clubs proposing to play on more than one court must notify the opposing Club at least 48 hours in advance of the match.

- (d) Unless the opposing captains agree otherwise any pair not present to play an event in the due sequence as in (c) above, shall be deemed to lose that event by two games to nil.
- (e) Subject to the undernoted exception, the interval between events, including time for “knocking-up” shall not normally exceed 3 minutes. The exception to the foregoing Regulation arises when players are required to play consecutive events where the time interval may be extended to a maximum of 6 minutes.
- (f) Any games not completed for reason of injury or sickness of a player shall be forfeited.
- (g) A match shall be completed in one day.
- (h) In the event of non-completion of a match other than for reasons in (f) both Clubs must report the circumstances, in writing (or by email), within 7 days to the Match Secretary. The Committee will consider the circumstances and rule, as it deems appropriate.
- (i) One league point shall be awarded for each event won.
- (j) A team in the Open and Mixed Leagues which plays with less than six registered players, (eligible or ineligible), shall normally have one point deducted for each pair which are not in attendance. In the Ladies, Combination and Masters League, 1 point will be deducted for each player missing.

A team may include ineligible players from the same club to ensure the fixture is fulfilled and avoid point deductions. Pairs including ineligible players will however score zero in every event when submitting the result to the league. The opposing team are informed of ineligible player(s) before the match starts.

NOTE: Therefore a team, which concedes a match in the Open or Mixed Leagues, shall normally have three points deducted. A team in the Ladies, Combination or Masters Leagues shall have two points deducted.

NOTE: Under the Note in Regulation 6(d) any match which is conceded must be followed by a full report by both teams to the Match Secretary. The Committee will then rule, as it deems appropriate.

- (k) In a match between two teams in which both teams only have two pairs, points will only be awarded for the actual rubbers played and neither team can claim the rubbers against the opposition's missing third pair. Both teams will automatically receive a point deduction for having only two pairs in the match. To encourage fielding 3 pairs, teams are still able to play an ineligible player/pair in the match and this will not only avoid a point deduction for only fielding two pairs but allow the legitimate pairs from that team to claim the rubbers against any missing pairs from the opposition team
- (l) Ladies must be listed in order of strength in Ladies League matches, with player 1 being the strongest and player 4 the weakest. In the event that a ladies team are only able to field 3 players, their opposition may nominate any one of their 4 player team as a non-playing 4th lady.
- (m) Matches in all Leagues shall be played using the Rally Points scoring system of best of 3 games to 21 points. If a 3rd end is required then players change ends when a pair reaches 11 points except in Masters League. For the Masters League only, if a 3rd end is required then the change of ends shall be as determined by an appropriate table published by the Committee. In the Open, Mixed, Combination and Ladies Leagues, matches shall be played using the Rally Points scoring system of best of 3 games to 21 points. If a 3rd end is required then players change end when a pair reaches 11 points.
- (n) All Handicapped Tournaments shall be played using the Rally Points scoring system of games to 21 points. Where tournament events comprise a single game or the best of 3 games, then change of ends in the single or 3rd game respectively shall be as determined by an appropriate table published by the Committee.

- (o) For the Masters League and Handicapped Tournaments, the handicaps for each pair for each event shall be determined by the addition of the individual handicaps (supplied by the Association). Where this results in both pairs of an event being on plus handicaps or both pairs being on minus handicaps, the starting handicaps shall be adjusted in accordance with the appropriate Badminton England Handicap Difference tables. Extended play shall not be permitted in any handicapped event.
- (p) Masters handicaps will be determined by a handicap sub-committee appointed by the Committee. The handicaps will be determined and published by 1st October and clubs will therefore not play masters fixtures before this date. The handicap subcommittee may apply a mid-season review of handicaps and in exceptional circumstances may change an individual handicap at any time in the season.
- (q) Non-handicapped Tournaments shall be played using the Rally Points scoring system with games to 21 points. The remaining format of the tournament shall be as determined by the Tournament Secretary with consideration to the number of entries and available court time.
- (r) For Masters League Men and Ladies must be listed in order of strength in line with the current handicapping list. Men Y and Lady A the strongest, Man Z and Lady B the weakest.
- (s) For the Masters League only. Players must be 40 years of age on or before the date of the match.

8 RESULTS

The home and the away Club shall each record the result of the match in the form required to the Match Secretary within three days of its being played. The preferred method is via the SDBA scorecard website (www.salbc.info/online) but teams without access may send a paper or email copy of the scorecard to the Match Secretary.

9 CHAMPIONSHIP

The Club scoring the most league points in a Division shall be declared the champions of that Division. If more than one Club has the same number of League points the priority of Clubs in the Division shall be decided in accordance with the following criteria: -

- (b) if the ratio in (a) above is the same for two or more Clubs, then by the ratio of events won to events lost;
- (c) if the ratio under (a) and (b) above is the same for two or more Clubs, then by the ratio of games won to games lost;
- (d) if the ratio under (a), (b) and (c) are the same for two or more Clubs, then by the ratio of points won to points lost;
- (e) if the ratio under (a), (b), (c) and (d) are the same for two or more Clubs, the championship shall be decided by a match or matches on a neutral court.
- (f) If for any reason the committee decide a league season cannot be completed (so this does not include situations where matches have just not been played), then this would be communicated by the association secretary. Championships, associated trophies would only be awarded to teams when ALL teams in a division have completed at least 75% of their matches, or if a team has already mathematically won the division. In all other cases the division will be considered abandoned and no trophy awarded.

- (b) Apart from the lowest Division(s), and subject to (d) below, the team finishing at the bottom of a Division shall be relegated to play in the next lower Division the following season.

 - (iii) Where a team is due to be promoted to a Division to which another team from that same Club would be relegated and thereby lead to three teams from that same Club playing in the one Division, then the team to be promoted shall not be promoted and the next highest eligible club shall be promoted in its place.
- (e) Any team accumulating more than four deducted points in any one season may be relegated, subject to appeal to the Management Committee.

NOTE: The Committee has the power under Rule 11(e) to override the operation of Regulation 10 above if it is ever impracticable to operate it as it stands.
- (f) There will be no promotions or relegations in a season where regulation 9(f) has been invoked.

11 TROPHIES

All league and tournament trophies (club and individual) are to be returned to the Social Secretary, or a SDBA Committee Member, by the end of the season i.e. 30th April.
